

OUR VISION

Social engagement in Central & Eastern Europe is transformed from reactive and dispersed to strategic and systemic

OUR MISSION

To facilitate and accelerate more informed, intentional and impactful social engagement in Central & Eastern Europe

OUR IMPACT

Social issues are effectively financed and tackled. Private capital flows towards social issues are increased

MAJOR PILLARS OF OUR WORK

CAPACITY & STRUCTURES

Developing robust structures and a strong talent pipeline to strengthen private capital mobilization in the region.

- Consultants and advisors to guide capital owners
- Development professionals to support capital seekers
- Educators to provide knowledge in local languages

POLICY & ADVOCACY

Supporting governments in simplifying policies and incentivizing private capital mobilization for social good.

- Providing regional landscape analysis
- Preparing recommendations for policy changes
- Advancing EU-level and national advocacy initiatives

VALUES & CULTURE

Cultivating responsible citizens and leaders by fostering a societal mindset rooted in responsibility, accountability, and integrity.

- Leveraging existing initiatives and infrastructure
- Cultivating thought leaders across sectors
- Building capacity to cultivate character and values

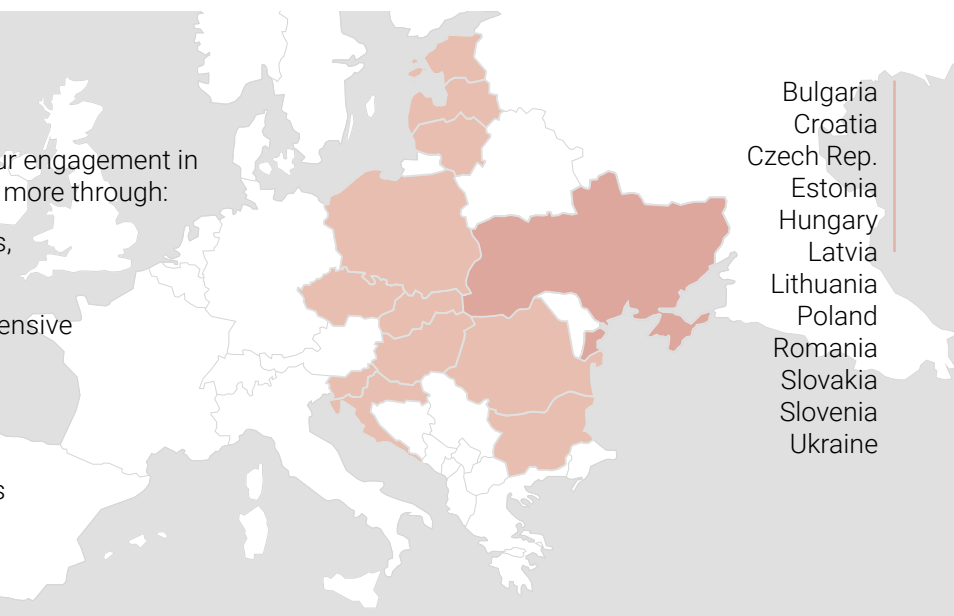

RELIABLE DATA

Reliable data is foundational to evidence-based decision making among policymakers, businesses, philanthropists, media, academia, and the social sector.
